Pro-XT is the professional’s choice for Portable Power. Developed as the first globally viable portable power offer for trade, Pro-XT delivers a new level of performance and innovation. The Pro-XT brand recognises the true requirements of trade, providing reliability, choice and value for end users.

**Five Year Warranty**
Masterplug offers a five year warranty on its Pro-XT cable reels.

This warranty is an acknowledgement that Masterplug will repair or replace the reel if a fault appears within five years of purchase.

**Key Features**
- Robust construction
- Guaranteed reliability
- Unique functional design
- Engineered versatility
FEATURES & BENEFITS

ERGONOMIC HANDLE GRIP
A two-tone superior handle grip, for comfort and longevity.

PULL-OUT, DRUM WIND HANDLE
Quickly wind in the cable at the end of each use.

LOCALISED POWER SWITCH
Control the power where you are working.

INTEGRATED CABLE GUIDE
Cable guide reduces tangle and speeds up winding in.

THERMAL CUT-OUT
Prevents cable overheating when fully reeled, and allows you to reset if cut-out occurs.

HIGH VISIBILITY CABLE
High visibility ensures against tripping hazard and cable cut through.

POWER LED INDICATOR
LED indicator shows that power is live.

ROBUST BUILD
Designed and engineered for durability and longevity.

SPEED WIND HANDLE
Increased speed and control when winding in long lengths of cable from ground level or mounted anchor point.

WALL MOUNT ACCESSORY
Wall hanging brackets available for extra stability or easy storage.

USB CHARGING
Optional USB ports allow charging of mobile devices whilst working, keeping power tools connected.
A portable solution for use in heavy duty applications.

- Easy wind handle and rear grip
- Ergonomically designed
- Integrated power switch
- Optimised design for increased cable capacity

ACCESSORIES

CABLE TIDY

This wall mounted cable storage solution ensures loose extension leads are kept neat and tidy, as well as making them easy to transport.

- Two tone, ergonomic carry handle
- Home, garden and light commercial use

WALL HANGING BRACKET

This simple accessory allows you to store your cable reel neatly on the wall when not required or provides a convenient anchor point when in use.

Ideal for use with “Reverse Reel” - pull out the socket and leave the reel behind.

3 STEP INSTALLATION

1. Secure bracket to wall
2. Place cable reel within bracket
3. Secure cable reel

CABLE REELS

The modular design of Pro-XT cable reels allows for multiple options in configuration. Pro-XT has been designed to deliver the bespoke requirements of trade.

FRONT PLATE OPTIONS:
- Country specific sockets
- USB charger
- 110V sockets
- Reverse reel with pull out sockets
- Anti-twist reverse reel sockets
- Anti-twist fixed sockets

CABLE OPTIONS:
- PVC or rubber in various diameters and lengths

PLUG/IP RATED SOCKET OPTIONS:
- Country specific plugs
- RCD plug - available as part of the Pro-XT range
- Weatherproof socket

COMBINATION POSSIBILITIES

Metal Open Reel with USB
Reverse Case Reel
110V Plastic Open Reel
Blue Plastic Open Reel
EXTENSION LEAD

• Heavy duty extension leads are available as part of the Pro-XT range
• 1, 2 and 4 gang options
• Additional weatherproof IP54 in-line socket options
• Power indicator and replaceable fuse on the 4 gang unit
• Available with cable tidy option

NOTE:
Range extensions are available upon request from your sales manager, subject to MOQ and lead time constraints.
Masterplug can provide the highest level of merchandising support. We have a wealth of experience in planogram design, and program implementation.

In order to boost sales, we can offer numerous merchandising solutions to suit retail space available, including quarter or full pallet promotional displays and fixture clip strips for accessories and extension leads.

Tailored promotions can be arranged to suit all quality and price requirements so that resellers can provide additional value offers to the customer.
